

CUSTOMER INFORMATION, CONSENT, AND RECEIPT

Date: _____ Phone Number: (_____) _____
Client's Name: First _____ Last _____
Address: _____ City _____ State _____ Zip _____

Technician Use Only:

Starting Shade: _____ **End Result Shade:** _____

Expectations:

People with healthy teeth and gums but who have stains or a yellowish tint seen to get the best results. You will not experience any heat or discomfort. On some occasions, you may feel a little tingling or perhaps a slight sensitivity. Teeth and/or gums may be sensitive for a short time after treatment. You may see temporary bleaching to the gums but this is normal and will disappear, usually in less than a day. Your teeth will never be whiter than your genetic traits. All teeth bleach differently. Possible white spots or demineralization may appear on patients who have had braces or who have porous enamel, but this will disappear in 24 hours. The White Pearl service will not whiten or damage veneers, crowns or false teeth.

Exclusions for Treatment: Please answer the following:

- ____ Yes ____ No Have allergies or reactions to either carbamide, peroxide, or glycerin.
- ____ Yes ____ No Have existing tooth decay, periodontal disease, or gingivitis.
- ____ Yes ____ No Are photosensitive to light or are on any photosensitive drugs.
- ____ Yes ____ No Are pregnant, suspected of being pregnant, or are breast-feeding.
- ____ Yes ____ No Under the age of 16.
- ____ Yes ____ No Have had oral surgery or extractions within the last 28 days.
- ____ Yes ____ No Are wearing a piercing or metal object(s) in the oral cavity. (Please remove, as they may turn black)

Aftercare and the Follow-up:

For a minimum of 24 hours after the process, please avoid consuming coffee, tea, dark colored soda, red wine, curry, beetroot and any other food or drink that would stain the teeth. A good rule of thumb is that if it would stain a white shirt it could stain your teeth. If your teeth are sensitive you can use Sensodyne Toothpaste for immediate relief. Of course, we suggest that you brush and floss as directed by your dentist. There is no guarantee as to the longevity of results therefore we recommend daily maintenance with our White Pearl Pen.

Release:

I, _____ (the "Releasor"), in consideration of the services provided and other good and valuable consideration, the receipt and sufficiency of which is acknowledged by Releasor, hereby releases the forever discharges **White Pearl International, LLC** and any other entity performing any of these services rendered and its employees, distributors and/or wholesalers (collectivity the "Releasee") their heirs, executors, administrators, successors, and assigns of and from all action, which Releasor, his/her heirs, executors, administrators and assigns or any of them hereafter can, shall or may have for any reason whatsoever, including but not limited to all actions, causes of action, damages, claims and demands arising out of service or services provided. **White Pearl International, LLC** and all entities within advise buyer(s) to consult their dentist before initial treatment. **White Pearl International, LLC** is an independent contractor that sells to purchasers, technicians, dealers, and wholesalers and nothing shall be construed that would constitute these parties as partners or joint ventures. In the event an attorney is employed to exercise or protest **White Pearl International, LLC** hereunder, Purchaser shall pay all reasonable attorney fees and cost of court incurred by **White Pearl International, LLC**. This agreement is governed by the State of New York and shall have exclusive jurisdiction over any claim or dispute arising hereunder. Any legal action or dispute involving **White Pearl International, LLC** as a party in any way, or arising out of this agreement or the performance of any services may only be maintained in the State of New York. The laws of New York will govern its validity, interpretation and the performance by parties hereto of their respective duties and obligations. **White Pearl International, LLC** recommends that your dentist is consulted prior to any and all applications. I have read the above and certify that I have healthy teeth and gums. This is an over the counter treatment.

Purchasing this self administered whitening kit gives you the option of using our approved whitening light for one session at no additional cost.

Indications for use:

For cosmetic treatment of naturally discolored teeth. The USA grade whitening gel enters the porous enamel of the teeth and gently oxygenates the discoloration of the teeth without changing the structure of the teeth whatsoever. A light source may aid in accelerating the ions in the gel producing faster results. When used properly the results are dramatic. Actual results may vary.

Instructions for use:

Remove the tray and place a small bead of gel .5 cc in both arches on the inner facial side, the part that will rest against the visible teeth.

Using the handle place in the mouth and wear for 20 minutes.

Optional:

Wear safety glasses and bib. Place non heating approved LED lamp source up against the handle of your tray for your 15 to 20 minute lightening session. Remove the tray upon completion and use the teeth wipe or rinse to clean the gel from the teeth. Rinse duplex tray using cool water and place in a retainer case for future use or discard. Discard the gel applicator.

Additional at home treatment is recommended for occasional touch-up. Gel can be worn for 15 minutes per day in the same manner for up to two weeks for at home sessions. Touch-up gel in a pen form or dispense applicator is available at this location for an additional cost.

Twist and Click Pen instructions:

Turn the handle a few clicks until gel extrudes through the brush tip. Paint the gel onto the visible teeth, add the tray and wear for 15 minutes daily for up to two weeks. Check retractor optional with use without tray. Flat portion of retractor rests on chin, with small flanges on either side of the mouth to keep the lips from touching the teeth during treatment.

Cautions:

Use at your own risk. Purchasing this kit frees all distributors, manufacturers, and affiliates from all liability associated with the use of this system. Always check with your dentist before using any at home teeth whitening products. Do not use if pregnant or lactating. Do not use if periodontal disease or other medical conditions exist in the mouth. Do not use if you have a history of allergic reactions to peroxide products. Temporary side effects of tooth sensitivity or mild tissue irritation is possible but usually transient and may last for a day or two. Avoid beverages that contain citrus and hot and cold drinks for the next 24 hours. If you have any adverse reactions terminate treatment and consult your health professional.

Ingredients:

Water, glycerin, carbomer 940, triethalanomine, urea peroxide, carbamide peroxide, flavoring. All ingredients are sourced within the USA and conform to ISO standards.
